

## WHAT IS ARABESQUE?

Arabesque™ is a social networking site designed specifically for businesses, professional services, and local communities.

The goal of the site is to allow registered members to establish networks of people they know and trust. On Arabesque, you can exchange items and services, create public or private events within your community, share ideas about the same concerns, and much more.

## WHY DOES ARABESQUE EXIST?

To build a social network that belongs to you and the people you know.

To help everyone to deal with social networking in a healthy way.

To teach this new generation how to enjoy social networking and also benefit from it at the same time.

To help everyone share their talents and benefit from them.

To allow our middle class to generate more income.
